

## COLOURED GLASSES

# Bringing the world to the classroom

The “**Coloured Glasses**”\* project aims to increase **intercultural understanding** among young people through learning to see the **different perspectives – colours – of the world**, raising awareness of societal problems and their possible solutions.

The workshops can be held in **English German and Spanish!**

If you are interested you can book us online:

**Hej!**

We are Marie and Marcela .

Marie is from Germany, she's 18 years old and she went on exchange to South Africa in 2014 – 2015.

Marcela is from Mexico, she's 22 years old and she was on exchange in Germany in 2011 – 2012.

Since our exchange years we have been an YFU educator on intercultural understanding topics.

### Workshop A

#### INTERCULTURAL UNDERSTANDING

Participants will have the chance to **experience and recognize intercultural communication and cultural differences**, reflect upon them and their significance in a **globalized world**.

### Workshop B

#### DISCRIMINATION, PREJUDICES AND STEREOTYPES

Participants will learn the concepts of prejudices and stereotypes, reflecting further on the development of discrimination and inequality and the **impact in their own behaviour**.

### Workshop C

#### HUMAN RIGHTS

Participants will get aware of the **content and importance** of Human Rights and identify the responsibility everyone should take for their actions and non-actions in way to achieve **living together peacefully**.
